

DSPM Battery Warranty

June 10, 2021

Dear Customer:

DSPM's standard warranty for all batteries purchased through us and installed within 90 days of arrival on site will qualify for a 9-year prorated, 1-year full replacement warranty (9/1).

We offer other battery warranty options available for purchase. The first number in the sequence represents the number of years prorated and the second number in the sequence represents the amount of time for full replacement warranty. These include but are not limited to 19/1, 15/1, 20/1, 10/2, 15/2, 20/2 etc. If you have any questions, feel free to contact DSPM directly.

Regards,

DSPM Management
